

**SYMANTEC NETWORK ACCESS CONTROL ENFORCER
HARDWARE WARRANTY AGREEMENT**

ATTENTION: PLEASE READ THE TERMS AND CONDITIONS OF THIS HARDWARE WARRANTY AGREEMENT ("WARRANTY AGREEMENT") CAREFULLY BEFORE USING THE HARDWARE. THIS IS A LEGAL AND ENFORCEABLE CONTRACT BETWEEN YOU AS THE INDIVIDUAL, THE COMPANY, OR THE LEGAL ENTITY THAT WILL BE UTILIZING THE HARDWARE (REFERENCED BELOW AS "YOU" OR "YOUR") AND SYMANTEC CORPORATION AND/OR ITS AFFILIATES ("SYMANTEC"). BY OPENING THE HARDWARE PACKAGE, BREAKING THE HARDWARE SEAL, LOADING THE HARDWARE, USING THE HARDWARE, OR OTHERWISE INDICATING ASSENT, YOU AGREE TO THE TERMS AND CONDITIONS OF THIS WARRANTY AGREEMENT. IF YOU DO NOT AGREE TO THESE TERMS AND CONDITIONS, DO NOT OPEN THE HARDWARE PACKAGE, BREAK THE HARDWARE SEAL, OR LOAD THE HARDWARE AND INDICATE YOUR REFUSAL BY MAKING NO USE OF THE HARDWARE

1. **HARDWARE/SOFTWARE.** The hardware ("Hardware") that accompanies this Warranty Agreement is to be used only with the Licensed Software. "Licensed Software" means the Symantec software product, in object code form, that is pre-loaded, pre-installed, or included as a media kit accompanying the Hardware, including any documentation provided with such software. You may not use the Licensed Software unless You have purchased a separate license for such Licensed Software. Your use of the Licensed Software shall comply with the terms and conditions of the end user license agreement that accompanies the Licensed Software and the License Instrument applicable for such Licensed Software. "License Instrument" means one or more of the following applicable documents which further defines Your license rights to the Licensed Software: a Symantec license certificate or a similar license document issued by Symantec, or a written agreement between You and Symantec, that accompanies, precedes or follows the end user license agreement for the Licensed Software.

2. **OWNERSHIP.** The Licensed Software is the proprietary property of Symantec or its licensors and is protected by copyright law. Symantec and its licensors retain any and all rights, title and interest in and to the Licensed Software, including in all copies, improvements, enhancements, modifications and derivative works of the Licensed Software. Your rights to use the Licensed Software shall be limited to those expressly granted in this Warranty Agreement. All rights not expressly granted to You are retained by Symantec and/or its licensors.

3. **GEOGRAPHIC USE LOCATION.** Prior to using the Hardware, You must register a service tag for such Hardware in the location You intend to use the Hardware ("Geographic Use Location"). In the event You wish to change Your Geographic Use Location, You must re-register the Hardware using the tag transfer process located at http://www.symantec.com/business/support/contact_techsupp_static.jsp. Any change to the Geographic Use Location and/or any service request which requires Symantec to obtain additional information and/or validate information to acknowledge and approve warranty service entitlements may result in a delay in providing such warranty service entitlements.

4. **LIMITED WARRANTY.** Symantec warrants that the Hardware shall be free from defects in material and workmanship under normal authorized use and service and will substantially conform to the written documentation accompanying the Hardware for the applicable Warranty Period (defined in this Section 4) and as specified at the time of original purchase and in the packing slip documentation accompanying Your Hardware. The standard warranty period is three (3) years from the date of original purchase of the Hardware ("Standard Warranty Period"). However, if at time of original purchase You acquired extended warranty, as indicated in the packing slip documentation accompanying Your Hardware, the Hardware shall be warranted for a period of up to five (5) years from the date of original purchase ("Extended Warranty Period"). "Standard Warranty Period" and "Extended Warranty Period" shall collectively be referred to as "Warranty Period". Upon confirmation of a defect or failure of a Hardware, or component thereof, to perform as warranted in this Section 4, and depending on the then-current Geographic Use Location of the Hardware, Your sole and exclusive remedy for defective Hardware, or component thereof, if notified within the Warranty Period, shall be for Symantec, at its sole option and discretion, to:

(i) repair or replace the defective Hardware, or component thereof, with either a new or refurbished replacement Hardware, or component thereof, as applicable;

(ii) provide onsite repair services for any defective Hardware, or component thereof; or

(iii) repair or replace any defective Hardware returned to Symantec through Symantec's Returned Merchandise Authorization Services process for Hardware.

All defective Hardware, or component thereof, which has been replaced, shall become the property of Symantec. All defective Hardware, or component thereof, which has been repaired shall remain Your property. **THE FOREGOING IS YOUR SOLE AND EXCLUSIVE REMEDY, AND SYMANTEC'S SOLE AND EXCLUSIVE LIABILITY FOR SYMANTEC'S BREACH OF THIS LIMITED WARRANTY.**

5. **LIMITED HARDWARE WARRANTY SUPPORT SERVICES.** During the Warranty Period, warranty support services will be provided in accordance with (i) the service procedures identified by Symantec in Section 7, below, and (ii) the then-current Symantec Enterprise Technical Support Policy, which may be revised and updated by Symantec from time to time without notice to You.

The Geographic Use Location of the Hardware will determine whether You are entitled to either warranty service consisting of (a) Next Business Day Service, (b) Same Day Service or (c) Return Merchandise Authorization Services as detailed below in this Section 5. Upon discovery of any failure of the Hardware, or component thereof, during the Warranty Period, the following options are available to You.

A. **Next Business Day Service.** You may initiate a request for next business day onsite repair services if You have purchased such services as part of Your warranty support. A service technician will, in most cases, be dispatched to arrive at Your location for onsite repair services on the next business day; Monday through Friday 8:00 AM to 6:00 PM local time, excluding regularly observed

holidays. If the service technician is dispatched for onsite repair services after 5:00 PM local time, the service technician may take additional business day(s) to arrive at Your Geographic Use Location.

- B. **Same Day Service.** If You have purchased the optional same day service upgrade, then for an additional fee and if offered in the then current Geographic Use Location, You may initiate a request for same day onsite services. A service technician will, in most cases, be dispatched to arrive at Your location for onsite service within the same day after dispatch, twenty-four (24) hours a day, seven (7) days a week (including holidays), provided the service location is between one hundred twenty-five (125) miles from the nearest parts stocking location.
- C. **Return Merchandise Authorization Process.** In the event Symantec does not have Next Business Day Service, or Same Day Service available in Your then current Geographic Use Location or, if, Symantec determines in its sole discretion that Next Business Day, or Same Day Service may not be appropriate You are required to contact Symantec within ten (10) days after such failure and seek a return material authorization ("RMA") number. Symantec will promptly issue the requested RMA as long as Symantec determines that You meet the conditions for warranty service. The allegedly defective Hardware, or component thereof, shall be returned to Symantec, securely and properly packaged, freight and insurance prepaid, with the RMA number prominently displayed on the exterior of the shipment packaging and with the Hardware. Symantec will have no obligation to accept any Hardware which is returned without an RMA number. Symantec reserves the right, in its sole option, to repair or replace defective Hardware, or component thereof. Transportation costs, if any, incurred in connection with the return of a defective Hardware, or component thereof, to Symantec, shall be borne by You. Symantec shall pay any transportation costs incurred with the redelivery of the repaired or replaced Hardware, or component thereof. If, however, Symantec reasonably determines that the Hardware, or component thereof, is functional, You shall pay any transportation costs. If Symantec determines, at its sole discretion, that the allegedly defective Hardware, or component thereof, is not covered by the terms of the limited warranty provided in Section 4, or that a warranty claim is made after the Warranty Period, the cost of repair by Symantec, including all shipping expenses, shall be borne by You.

6. **SERVICE PARTS INSTALLATION.** Regardless of the service response level purchased, some component parts are specifically designed for easy removal and replacement by You: such parts are designated as Customer Self Replaceable ("CSR"). If during the troubleshooting and diagnosis, the Symantec technical support analyst determines that the repair can be accomplished with a CSR designated part, Symantec will ship the CSR designated part directly to You. CSR parts fall into two categories:

- (A) **Optional CSR parts.** Optional CSR parts are designed for simple installation by You; however, depending on the type of service that was purchased with the Supported Product, Symantec may provide an onsite technician to replace the parts.
- (B) **Mandatory CSR parts.** Mandatory CSR parts are designed for simple installation by You and Symantec does not provide installation labor services to install Mandatory CSR parts. If You request that Symantec and/or the Symantec Authorized Reseller replace these parts, You will be charged a fee for this service.

- (C) identify for Symantec the then current Geographic Use Location for the Hardware, in accordance with Symantec's requirements.
- (D) **Prepare for the Call.** You must have the following information and materials ready when You call the technician: Your system's invoice and serial numbers; the then current Geographic Use Location service tag number for the Hardware; model and model numbers; the current version of the operating environment You are using; and the brand names and models of any peripheral devices (such as a mouse and/or keyboard) You are using.
- (E) **Call For Assistance.** For warranty service and support call the support telephone numbers provided upon purchase of Your Software Support and Maintenance.
- (F) **Explain Your Problem to the Technician.** Now You are ready to describe the problem You are having with Hardware. Let the technician know what error message You are getting and when it occurs; what You were doing when the error occurred; and what steps You may have already taken to solve the problem.
- (G) **Cooperate with the Technician.** Experience shows that most system problems and errors can be corrected over the phone as a result of close cooperation between the user and the technician. Listen carefully to the technician and follow the technician's directions.
- (H) **Software/Data Backup.** If the technician is unable to resolve the problem over the phone and determines that onsite support services as identified in Section 5, above, is necessary, the following standard procedure applies:
